Education

Dr. A.P.J. Abdul Kalam Technical University (AKTU) — Oct 2023 – Present
Bachelor of Technology in Computer Science and Information Technology — 76.8%

CBSE - Senior Secondary — Jun 2021 – Mar 2023
Science with Computer Science — 77.2%

CBSE - Higher Secondary — Apr 2019 – May 2021
All Subjects — 90%

Projects

Student Portal | *React, Material UI, Tailwind CSS, Redux Toolkit*
- High-performance Student Portal serving 8,000+ daily users at KIET Group Of Institutions.
- Implemented attendance tracking, personalized class schedules, and installment-based fee payment system.
- Integrated academic resources like scores, datesheets, hall tickets, and test registrations.

Hospital Management System | *AngularJS, Bootstrap, CanvasJS*
- Created a platform featuring role-based access for patients, doctors, and admin users.
- Developed modules for managing patient records, scheduling, e-prescriptions, and real-time alerts.
- Improved hospital workflow through a dashboard-driven interface with intuitive navigation.

Experience

Team ERP — Jun 2024 – Present
Frontend Developer — *Onsite*
- Developed and maintained responsive web applications using AngularJS, React and Next, enhancing cross-platform performance.
- Styled UI with Tailwind CSS and Bootstrap ensuring pixel-perfect, accessible, and responsive interfaces.
- Reviewed code collaboratively, maintaining consistency and applying best practices for clean and scalable development.

JellyBean AI — Dec 2024 – Feb 2025
Frontend Engineer Intern — *Remote*
- Optimized user interfaces to improve usability and performance for a Gen AI web app targeting game developers.
- Collaborated with the CTO and backend team to integrate frontend components with the platform's core AI functionality.
- Participated in product feature research and enhanced platform workflows to boost interactivity and responsiveness across devices.

Technical Skills

Languages: HTML, CSS, Javascript, Typescript, Python, MySQL
Frameworks/Libraries: MongoDB, Express.js, React.js, Node.js, Next.js, AngularJS, Tailwind CSS, Bootstrap, Ant Design, Zustand
Tools: Git, VS Code, Firebase

Achievement

- Track Winner – **NASA Space Apps Challenge 2025**

Certificates

- HTTP Essential Training – LinkedIn Learning

- Learning Python – LinkedIn Learning
